Hubbardston, MA: Bethany - Jim Byrne is the bug man. He can find any bug hiding in your house. Have always been happy because they find the problem and get rid of it. We started with them in 1994. They are reliable and come when they are supposed to...

Leominster, MA: Jack - Very dependable for many, many years. We expect him to show up and he does. Very courteous, never been a problem as far as foliage around the perimeter of the house. Nothing has ever been trampled. He has done his work and it has been a good value.

Ashburnham, MA: Nancy - I'm been using this service for more than 15 years now. I have come to depend on it. They come twice a year. I haven't had trouble with ants since. Have been using them for 15 years now.

Rindge, NH: Larry and Bonnie

We've been using Expert Pest Control for about 7 years. We have always been very satisfied with their service. Jim has always been very courteous and professional. I highly recommend his service.

Concord, NH: Steve and Linda - We've been using them for a very long time, about 18 years. They are terrific, fabulous, they are really great and if I have any other issues such as wasps, he just looks out for us, he is very, very good. We have woods behind our house and if we didn't use them, we'd have lots of carpenter ants.

Bedford, NH: Frank and Karen - We've been using them since we moved here in 1986 and the people before us used them to. They are very reasonable in price. They are here when they say they are going to be here. They guarantee to come and take care of anything inside when they spray the outside. It's high quality work. They have come to take care of huge bee nests. They did a fabulous job. I would recommend them and I have recommended them before.

Maine: Judy - We've been long-term customers with Expert Pest Control. Reliable, have answered all my questions, happy with the service. You put the customer first. I always notice when people think the customer is important and I think your business does.

Maine: Tim & Sue - Have used them for at least 10 years. Long time customer. They will come and do their thing for us when we are at work. We have a post and beam house with a ton of wood. We feel it is worth having the service.
